

Hello,

My name is Tracy and I am the Training Manager for WAYC. Since taking on this role, I have been getting to know the people involved with and affiliated to WAYC. I have also been reviewing the training we offer to people who work with children and young people, in either a paid or voluntary capacity, with a view to ensuring that we can best meet the needs of the current and future workforce. As part of this process, I have been looking at where we deliver our training - I would really like us to do more within our affiliated clubs.

If you are responsible for a club and would like to offer your base as a training venue, please contact me. I am looking to establish a network of training venues across Warwickshire, Coventry and Solihull that are accessible and welcoming. In return for free/discounted\* use of your venue, the first two places on each course will be made available to your people, free/discounted\*.

If you are able to answer YES to all of the following questions, please get in touch with me:

- Is your centre accessible to those with disabilities?
- Is your centre available during evenings and weekends?
- Can you comfortably accommodate 12-15 people within one room?
- Do you have car park space/ public transport nearby?

Thank you

*Tracy from WAYC*
